

Date: Oct 22nd - Oct 26th 2018

Place: Nairobi, Kenya.

Main Venue: American Space, Bazaar Plaza.

From 22nd - 26th October 2018, the first Cybersecurity Week powered by CyberSpeak LC will be organised in Nairobi. Several workshop events organized will guarantee that this week will be all about cyber security in its most varied aspects. CSW18 provides the perfect opportunity to meet key players, discuss the latest developments, share knowledge and find prospects. Be there!

Each day of the week will focus on some thematic areas and with activities including: demos, workshops, mentorship, talks and networking and more.

Our high-level overarching themes are:

1. Cyber Talent & workforce development
2. Cyber Business & Investment
3. Cyber Innovation & market
4. Cyber community, culture & industry eco-system
